Research

I am interested in InSAR processing, Geodynamics, Machine Learning. My current focuses include:

INTERESTS

- InSAR processing.
- Geodynamics.
- Machine Learning.

EDUCATION

University of Science and Technology of China

Hefei, China

Bachelor of Geophysics

Sep 2016 – present

SKILLS

Programming C, Python, Matlab, LATEX, Bash

Tools Vim, Git, Linux

Languages English, Mandarin

PUBLICATIONS

Talks 1.

AWARDS

•	Geoscience Climbing Scholarship, USTC	2019
•	National Encouragement Scholarship, USTC	2018
•	Physics Innovation Research Experimental Paper Competition Special Award, USTC	2018
•	817 Alumni Awards Scholarship, USTC	2017
•	National Encouragement Scholarshi, USTC	2017
